Maxwell B. Smith

Philadelphia, PA | maxwell.bsmith0@gmail.com | 609 - 477 - 9664

Github | Personal Website | Linkedin

Entry level full-stack software developer with six years of experience working in a fast paced and demanding environment. Seeking an opportunity to be challenged to think creatively, learn new technology, and make an impact with a team of like minded individuals, for a company whose core values reflect my own.

Technical Skills

- Java • JavaScript • JSX • HTML • CSS • Unit Testing • JSON • IntelliJ • React.js
- Vue.js • Version Control (Git) • Responsive Design • PostgreSQL • Spring Boot

---

Education

Tech Elevator - *Philadelphia, PA*   *2022*

> Learned to create dynamic web-based software systems using Java in a 14-week full-stack coding bootcamp, including 700+ hours of developmental education and application.

Stockton University - *Galloway, NJ*   *2018 - 2020*

> Completed three years geared toward studies in philosophy and studio art.
> Spent time taking classes that aligned with my personal goals for self-growth.

Technical Experience

Pothole Tracking Web App - Java | JavaScript | PSQL | Vue.js | HTML | CSS | Spring Boot | REST API | OOP | IntelliJ | VSCode | JUnit | Postman | MapBox API

> Mob programmed a dynamic full-stack web application for tracking potholes.
> Wrote a Spring Boot RESTful API server and Vue.js front-end client.

Venmo mimic App - Java | PSQL | Spring Boot | REST API | OOP | IntelliJ | JUnit | Postman

> Pair programmed a command line application to mimic Venmo.
> Wrote a Spring Boot RESTful API server and backend client in Java.

Vending Machine App - Java | OOP | IntelliJ | JUnit

> Pair programmed a command line application to emulate a vending machine.
> Programmed in Java using a MVC design.

Professional Experience

Bright Stars Gymnastics Academy - *Egg Harbor Township, NJ*   *2016 - 2021*

- Influenced all gym classes by creating new drills and sharing the ideas that made my own classes so successful.
- Coached the top recreational gymnastics classes in the area.
- Oversaw facility programs to ensure that our team was prepared to provide quality.
